WYSIWYG EXCEL PREVIEW.Rebel Search Atlas: Blockchain for Supply Chain Finance We're at the cusp of a revolution in business and supply chain finance. Unprecedented technology that will disrupt the way we do business. We're no longer reliant on traditional methods to move assets, track information and conduct financial transactions. The convergence of big data and blockchain are enabling the transition of money in motion from old school, paper-based methods to a technology-based approach. In this episode, we take a deep dive into the tools and technology that are emerging to reshape supply chain finance.
